JUNE 2017 ISSUE OF *THE SCRIPT* NOW AVAILABLE

Featuring a fresh, new design, the June 2017 issue of *The Script* is available online today at the Board of Pharmacy [website](#). To read the newsletter, click [here](#).

The June 2017 issue includes articles on:

- The start of licensing for advanced practice pharmacists.
- Automated drug delivery systems (ADDS) , including registration requirements and rules on restocking ADDS devices in licensed health facilities.
- New laws and regulations – including requirements for drug take-back services, outsourcing facilities, email registration, pharmacy technician certification, prescription labels for generic drugs, and fees for issuing and renewing licenses.
- A comparison of security features required for Medi-Cal drugs and for controlled substances.
- Tips for preparing a master formula document.
- Preparing for a Board of Pharmacy inspection.
- New board member Amjad Khan and new board officers.
