Subject: Recall notice - Battle Creek Equipment Company

Battle Creek Equipment Company is recalling certain model numbers of **Thermophore® Classic Moist Heat Pads** with July 2012 through July 2014 dates of manufacture. We request that you verify whether any of the model numbers and lot codes below are included in your current inventory. Note that the model numbers and lot codes are printed on the end of the packaging. Battle Creek Equipment Company is aware that the electrical cord for the affected Thermophore® Classic units can, in some rare situations, fail prematurely when the user over-stresses the cord in a particular way. Consumers are being asked to stop using the affected heating pads immediately and discard the units. Product manufactured after July 2014 is not affected by this recall. The electrical cord associated with this failure mode was discontinued from manufacturing by mid-2014.

Please immediately check your inventory, quarantine, discontinue distribution of the affected product, and contact your wholesaler for directions.
