**Subject:** Recall notice - Teva Pharmaceuticals USA, Inc.

Teva Pharmaceuticals USA, Inc. is recalling the lots below of Mimvey® Lo (estradiol and norethindrone acetate tablets USP) 0.5mg/0.1mg distributed under the Teva Pharmaceuticals label. This recall is being carried out to the retail level due to out of specification test results for the norethindrone impurity or the potential to be out of specification for the norethindrone impurity towards the end of the shelf life.

Please immediately check your inventory, quarantine, discontinue distribution of the affected product, and contact your wholesaler for directions.
