

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

This recall for Tizanidine Tablets USP 4mg, 150ct is being initiated by Dr. Reddy's Laboratories Inc. as a precautionary measure due to a product complaint regarding foreign tablets found in a bottle. Three (3) Tizanidine 2mg tablets were discovered in a bottle of Tizanidine 4mg. As per the recommendations in prescribing information the Tizanidine total daily dose should not exceed 36 mg, hence consuming lower strength tablet than the usual recommended strength on single or both occasions will have no significant impact on patient's safety if the medicine was dispensed. The product Distribution Dates: November 08, 2023 - November 17, 2023
