

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

The purpose of this is to advise you that Cardinal Health has initiated a medical device product recall on several lots of our ChemoPlus gowns.

The product codes and lots listed below of Cardinal Health ChemoPlus Gowns were incorrectly labeled with a 5-year expiration date, whereas the product should have been labeled with a 3-year expiration date.

If the impacted gowns are used, there is potential for expired products to provide inadequate protection to the user.

Cardinal Health has not received any reports of harm or adverse events.
