

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Out of an abundance of caution, Currax Pharmaceuticals LLC ("Currax") is initiating a recall on a specific lot of **Silenor 3MG and Doxepin 3MG**. Elevated levels of a nitrosamine drug-substance-related impurity were identified in two commercial bulk lots of 3 mg Silenor/Doxepin product, resulting in finished product lots with impurity levels above FDA recommended intake limits. While no adverse events have been reported, this represents a potential quality and patient safety risk. A voluntary Class II recall is being initiated for the impacted, non-expired Silenor 3 mg and Doxepin 3 mg lots.

Product	Pack Size	Strength	UPC Code on bottle	Lot#	Expiry Date
Silenor 3MG	30 Count Bottle	3 MG	42847-0103-30	71293	7/2026
