

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

XGEN Pharmaceuticals, DJB has initiated a recall for Cyclophosphamide for Injection 500mg and Cyclophosphamide for Injection 1g due to an error on the Physicians Insert (PI), section 2.3, Preparation, Handling, and Administration. The concentration of the reconstituted product is listed as “20 mg per vial.” This information should read: “20 mg per mL.” The units for strength (mg) of the lyophilized product and dilutions (mL) are stated correctly.
