

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

XGen Pharmaceuticals, DJB has initiated a recall due to an error on the Physician's Insert (PI), section 2.3, Preparation, Handling, and Administration. The concentration of the reconstituted product is listed as "20 mg per vial." This information should read: "20 mg per mL." The units for strength (mg) of the lyophilized product and dilutions (mL) are stated correctly. This error might lead to a miscalculation of dosage for administration.

This product was shipped to you on January 18, 2024 (500mg) and February 20, 2024 (1g). See below.

Product/Size	Cyclophosphamide for Injection, USP 500mg Cyclophosphamide for Injection, USP 1g
