

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Pacira Pharmaceuticals, Inc. has initiated a recall for Zilretta (Triamcinolone acetonide extended-release injectable suspension). This recall has been initiated due to a potential stability issue at room-temperature conditions. A Health Hazard Evaluation concluded no safety effect would be anticipated and any risk with its use is considered to be remote.

Our distributing partner, Integrated Commercialization Solutions (ICS), began shipping this product to consumers on November 6, 2023.
