

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

This is to inform you that UCB, Inc. is conducting a voluntary recall involving **CIMZIA® (certolizumab pegol)** 200 mg/ml pre-filled syringes (PFS). This recall is specific to the lot numbers listed below.

No other distributed lots of CIMZIA PFS are affected. This recall has been initiated due to product quality complaints of broken or cracked syringes reported for some CIMZIA PFS products from these lots. UCB's medical assessment indicates that the use or handling of a broken or cracked syringe may result in accidental cuts, infection of the injection site, inoculation of glass particles, needle stick injury, potential systemic infection, and underdose or missed dose (leading to severe flare up of the disease). This recall is made in close coordination with the U.S. Food and Drug Administration (FDA) and UCB's distribution partners.

Affected lot(s) distributed between November 26, 2024 and February 27, 2026.

NDC NUMBER	LOT NUMBER	PRODUCT DESCRIPTION	EXPIRATION DATE
50474-710-79	CTYFX	CIMZIA 200MG/ML 2 PFS US	2026-MAR-05 (Expired)
