

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Zydus Pharmaceuticals USA is initiating a product recall for Icosapent Ethyl capsules 1g. This recall has been initiated due to a product complaint concerning burnt or melted capsules. The observed appearance was determined to result from oxidation caused by leakage of the contents of the Icosapent Ethyl 1g capsules. Use of the affected product may lead to inconsistent therapeutic effects and an increase in potential gastrointestinal side effects in some patients.

We began shipping this product on June 2024.
