

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

This is to inform you of a product recall by Cipla USA, Inc. for 6 lots (Lot # IB20055, IB20059, IB20045, IB20072, IB20057, IB20056) of Albuterol Sulfate Inhalation Aerosol, 90 mcg (200 MI). This recall has been initiated due to a market complaint received for Albuterol Sulfate Inhalation Aerosol, 90 mcg (200 MI) Lot # IB20056 related to empty inhaler. During investigation, there was leakage observed which is due to insufficient seat which is a component of the inhaler valve.

A total of 6 batches of Albuterol Sulfate Inhalation Aerosol, 90 mcg were manufactured using the same lot of valves. Though the probability of such defect is very low, out of abundance of caution, the 6 batches manufactured using the same lot of valves shall be recalled. Based on the health hazard evaluation, the exposure to the product with observed nonconformance may not likely cause significant adverse health consequences.

Sr.
