

*The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.*

Eugia US LLC (f/k/a AuroMedics Pharma LLC) has initiated a recall to the Retailer level for the product Progesterone injection USP, 500mg/10 mL (50mg/mL) [Multiple Dose Vial] Lot No.:CPR230029A from the US market due to a product complaint of a glass particle in the vial.

Progesterone injection USP, 500mg/10 mL (50mg/mL) [Multiple Dose Vial] is indicated in amenorrhea and abnormal uterine bleeding due to hormonal imbalance in the absence of organic pathology, such as submucous fibroids or uterine cancer.

Progesterone injection USP, 500mg/10 mL (50mg/mL) is a sterile, clear, colorless to yellowish oily solution and is supplied as 10ml Multi dose vial, packaged individually, stored at 20°C to 25°C (68° to 77°F).

Eugia US LLC began shipping this batch to customers nationwide on October 25, 2023.
