

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

The Harvard Drug Group is initiating a recall of Sulfamethoxazole and Trimethoprim Tablets, USP, 800 mg/160 mg.

This recall has been initiated by Amneal Pharmaceuticals LLC due to detection of a micro-organism associated with a specific lot of auxiliary polyester coil. Amneal Pharmaceuticals LLC indicates no micro-organism was detected on any tablets from any of the retain sample bottles tested from the subject batches.

We began shipping this product on April 28, 2025.
