

DRUG RECALL
LubriFresh™ P.M. Nighttime Ointment
(Mineral Oil, 15%, White Petrolatum, 83%)

September 14, 2026

This letter is to inform of a product recall involving:

Product Name	Package Description	Brand Name	NDC	Lot Number	Expiration Date
LubriFresh™ P.M. Nighttime Ointment (Mineral Oil, 15%, White Petrolatum, 83%)	Net Wt 0.125 oz. (3.5 g)	Major®	0904-6488-38	3183	10/2026

This voluntary recall has been initiated on the retail level by Sterling Pharmaceuticals due to certain FDA observed cGMP deficiencies potentially affecting sterility assurance. To date, no confirmed sterility failures or evidence of microbial contamination have been identified in the affected lot. The use of ophthalmic drug products for which sterility assurance cannot be fully established may pose a potential risk of ocular infection.
