

*The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.*

PrecisionDose is initiating a recall to the retail level for Melatonin 3 mg dietary supplements are being recalled due to an error in our Dietary Supplement Melatonin 3 mg tablet packaging. The Melatonin is packaged into 5x2 blister cards, and 10 cards are packaged into the secondary carton. The labelling of the carton contains all the Supplement Facts as required. In six lots of Melatonin however, the actual blister card mistakenly contains the Rx symbol. There are no safety or efficacy concerns as it is the correct product and strength.
