

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

American Health Packaging is initiating a drug recall to the **RETAIL LEVEL** for **AHP Prazosin Hydrochloride Capsules, USP,**

1 mg, 100 Capsules (10x10); Carton NDC: 68084-996-01, (Individual Dose NDC: 68084-996-11)

2 mg, 100 Capsules (10x10); Carton NDC: 68084-997-01; (Individual Dose NDC: 68084-997-11)

5 mg, 20 Capsules (5x4); Carton NDC: 60687-572-32 (Individual Dose NDC: 60687-572-33) for the lots listed below.

This recall is being initiated in support of the recall by the manufacturer (Teva Pharmaceuticals USA LLC) dated October,07, 2025, which included lots that were repackaged by American Health Packaging. Teva stated they are initiating a voluntary recall of Prazosin Hydrochloride Capsules, USP (1 mg, 2 mg, 5 mg), due to test results for N-nitroso Prazosin impurity C that are above the Carcinogenic Potency Categorization Approach (CPCA) acceptable intake limit for the below specified lots.

Prazosin hydrochloride capsules USP are indicated for the treatment of hypertension, to lower blood pressure. Lowering blood pressure reduces the risk of fatal and nonfatal cardiovascular events, primarily strokes and myocardial infarctions. These benefits have been seen in controlled trials of antihypertensive drugs from a wide variety of pharmacologic classes, including this drug.

Teva stated "exposure to the product of concern could lead to severe adverse health consequences, but the likelihood of harm was assessed as remote. The overall risk of harm in the patient population is considered to be medium."
