

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Mylan Pharmaceuticals Inc. (a Viatriis company) is conducting a recall at the retailer level of the below listed lots of Levothyroxine Sodium Tablets USP, packaged in bottles.

These lots are being recalled out of an abundance of caution due to assay results that are either atypical or out of specification. These lots were distributed in the United States between August 23, 2023, and Nov 1, 2024.

The potential risk to patients arising from this issue is considered to be negligible, and to date, no reports of adverse reactions associated with these lots have been received.

Levothyroxine Sodium Tablets USP, is indicated in adult and pediatric patients, including neonates, for hypothyroidism and pituitary thyrotropin (thyroid-stimulating hormone, TSH) suppression.
