

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Leiters is recalling the product below:

- **Moxifloxacin 1 mg/mL, 1mL in 2mL vial**
- **NDC: 71449-096-42**
- **Lot number: 2130958**
- **Expiration date: 03/31/2022**
- Prescription Drug
- Solution for Injection
- ROA: Intracameral Injection
- Assigned a 180-day expiration date (unless ingredients have an earlier expiry)
- Vials are packaged in a carton, 10 vials per carton

Leiters decided to issue this recall on 11/29/2021 at 1:30PM (MST). Lot 2130958 of moxifloxacin 1mg/mL, 1mL in a 2mL vial, was released by Leiters after review of all compounding documentation and confirmation that it met the product and yield specifications. After this product was released, a product that was manufactured during the same timeframe, moxifloxacin 5mg/mL, 1mL in a 2mL vial, lot 2130934, had a low yield. Our current investigation has indicated that Lot 2130958 may contain vials from lot 2130934. Lot 2130934 has not been released into the field.
