

*The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.*

Apotex Corp., with the knowledge of the US FDA, is initiating a recall up to the **Retail/Pharmacy** level for the one (1) lot of **Timolol Maleate Ophthalmic Solution, USP, 0.5%, lot # TA4844**.

This recall is being initiated out of an abundance of caution, due to one (1) out of specification average weight loss result generated at the 18-month stability timepoint for lot # TA4844. To date, there have been no adverse event cases related to weight loss for the above-mentioned lot.
