**Subject:** Recall notice update - Johnson & Johnson

Johnson & Johnson is recalling the items/lots below due to the current label stating, “not made with natural rubber latex” which needs to be updated based on recent awareness that natural latex was used as a base ingredient in the early-stage manufacturing process, which reduces the allergic protein found in natural latex. This recall is to the pharmacy level. Affected product started shipping November 01, 2015.

Please immediately check your inventory, quarantine, discontinue distribution of the affected product, and contact your wholesaler for directions.
