

The Board of Pharmacy has received notice of the following product recall:

Product Name	NDC Number	Lot Number	Beyond Use Date	Quantity Shipped	Dates Distributed
Ketamine 10mg/mL in 0.9% Sodium Chloride 5mL fill 6mL Syringe (50mg/5mL)	70004-0430-09	1219010961	24-Oct-19	867	09-Aug-19 – 13-Aug-19

SCA Pharmaceuticals (SCA) is announcing a recall of one lot of compounded product because of the potential for nonsterility. As a precautionary measure, SCA is initiating the recall of Ketamine 10mg/mL in 0.9% Sodium Chloride 5mL fill 6mL Syringe (50mg/5mL), lot #1219010961, for the presence of an objectionable organism recovered during personnel monitoring, discovered after the product was dispositioned and released. This recall is being carried out at the hospital level with the knowledge of the Food and Drug Administration.

The Board of Pharmacy strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.
