Subject: Recall notice - Teva Pharmaceuticals USA, Inc.

Teva Pharmaceuticals USA, Inc. is recalling the lot below of **GlipiZIDE Extended-Release Tablets, 5 mg, Unit Dose Blister Packs** distributed under the **Watson Laboratories, Inc. label**. This recall is being carried out to the **RETAIL LEVEL** due to out of specification test results for water content obtained during stability testing. The use of or exposure to the product is unlikely to cause adverse health consequences.

Please immediately check your inventory, quarantine, discontinue distribution of the affected product, and contact your wholesaler for directions.

| Lot # | Exp. Date | Strength | Pack Size | NDC |
|--------------|------------------|-----------------|------------------------------|--------------|
| 3138405A | 8/2017 | 5 mg | 30 Unit Dose Blisters/Carton | 0591-0844-15 |
