**Subject:** Recall notice - Vensun Pharmaceuticals, Inc.

Vensun Pharmaceuticals, Inc. is extending their recall of one lot (Lot #23701.158A) of nystatin topical powder to the retail level. This recall has been initiated due to the potential presence of plastic particles in a single lot of Nystatin Topical Powder. Plastic particles may have been introduced when a bottle jammed in the filling machine. This letter represents a revision from the recall notification letters which were originally sent in May 2017. This has been reassessed as a recall to the Retail Level to recover additional product.

Please examine your stock immediately to determine if you have any Nystatin Topical Powder, USP, 100,000 units/gram, Lot #23701.158A, Expiry Date 10/2018, NDC # 42543-052-61, 15 grams/bottle on hand. Quarantine/discontinue distribution of the affected product, and contact your wholesaler for directions.
