22 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-  
23 entitled proceedings that the following matters are true:

24 **PARTIES**

25 1. Anne Sodergren (Complainant) is the Executive Officer of the Board of Pharmacy  
26 (Board). She brought this action solely in her official capacity and is represented in this matter by  
27 Rob Bonta, Attorney General of the State of California, by Kristina T. Jarvis, Deputy Attorney  
28 General.

1           2.     Respondent Archway Apothecary LLC, with Carl Hayden Camp as President/53%  
2     Shareholder, Stephen M. Camp as Member/30% Shareholder, Matthew William Hardey as  
3     Secretary/Treasurer/Chief Financial Officer/17% Shareholder, and Earl Raymond Wilkes, Jr. as  
4     Pharmacist-in-Charge (PIC) (Collectively “Respondent”) is represented in this proceeding by  
5     attorney Sweta H. Patel, whose address is: 1981 North Broadway, Suite 220, Walnut Creek, CA

7           3.     On or about July 12, 2017, the Board issued Nonresident Pharmacy Permit No. NRP  
8     1974 to Respondent. The Nonresident Pharmacy Permit was in full force and effect at all times  
9     relevant to the charges brought in Accusation No. 7175, and will expire on July 1, 2022, unless  
10    renewed.

11          4.     On or about December 6, 2017, the Board issued Nonresident Sterile Compounding  
12    Pharmacy Permit No. NSC 101128 to Respondent. The Nonresident Sterile Compounding  
13    Pharmacy Permit was in full force and effect at all times relevant to the charges brought in  
14    Accusation No. 7175, and will expire on July 1, 2022, unless renewed.

### **JURISDICTION**

15          5.     First Amended Accusation No. 7175 was filed before the Board, and is currently  
16    pending against Respondent. The First Amended Accusation and all other statutorily required  
17    documents were properly served on Respondent on February 3, 2022. Respondent timely filed its  
18    Notice of Defense contesting the First Amended Accusation.  
19

20          6.     A copy of First Amended Accusation No. 7175 is attached as exhibit A and  
21    incorporated herein by reference.

### **ADVISEMENT AND WAIVERS**

22          7.     Respondent has carefully read, fully discussed with counsel, and understands the  
23    charges and allegations in First Amended Accusation No. 7175. Respondent has also carefully  
24    read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and  
25    Disciplinary Order.  
26

27          8.     Respondent is fully aware of its legal rights in this matter, including the right to a  
28    hearing on the charges and allegations in the First Amended Accusation; the right to confront and

1 cross-examine the witnesses against them; the right to present evidence and to testify on its own  
2 behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the  
3 production of documents; the right to reconsideration and court review of an adverse decision;  
4 and all other rights accorded by the California Administrative Procedure Act and other applicable  
5 laws.

6 9. Respondent voluntarily, knowingly, and intelligently waives and gives up each and  
7 every right set forth above.

### 8 **CULPABILITY**

9 10. Respondent understands and agrees that the charges and allegations in First Amended  
10 Accusation No. 7175, if proven at a hearing, constitute cause for imposing discipline upon its  
11 Nonresident Pharmacy Permit and Nonresident Sterile Compounding Pharmacy Permit.

12 11. For the purpose of resolving the First Amended Accusation without the expense and  
13 uncertainty of further proceedings, Respondent agrees that, at a hearing, Complainant could  
14 establish a factual basis for the charges in the Accusation, and that Respondent hereby gives up its  
15 right to contest those charges.

16 12. Respondent agrees that its Nonresident Pharmacy Permit and Nonresident Sterile  
17 Compounding Pharmacy Permit are subject to discipline and agrees to be bound by the Board's  
18 probationary terms as set forth in the Disciplinary Order below.

### 19 **CONTINGENCY**

20 13. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent  
21 understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may  
22 communicate directly with the Board regarding this stipulation and settlement, without notice to  
23 or participation by Respondent or its counsel. By signing the stipulation, Respondent understands  
24 and agrees that they may not withdraw its agreement or seek to rescind the stipulation prior to the  
25 time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its  
26 Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or  
27 effect, except for this paragraph, it shall be inadmissible in any legal action between the parties,  
28 and the Board shall not be disqualified from further action by having considered this matter.

1 Respondent shall report any of the following occurrences to the board, in writing, within  
2 seventy- two (72) hours of such occurrence:

- 3 • an arrest or issuance of a criminal complaint for violation of any provision of the  
4 Pharmacy Law, state and federal food and drug laws, or state and federal controlled  
5 substances laws
- 6 • a plea of guilty, or nolo contendere, no contest, or similar, in any state or federal  
7 criminal proceeding to any criminal complaint, information or indictment
- 8 • a conviction of any crime
- 9 • the filing of a disciplinary pleading, issuance of a citation, or initiation of another  
10 administrative action filed by any state or federal agency which involves  
11 respondent's license or which is related to the practice of pharmacy or the  
12 manufacturing, obtaining, handling, distributing, billing, or charging for any drug,  
13 device or controlled substance.

14 Failure to timely report such occurrence shall be considered a violation of probation.

### 15 3. Report to the Board

16 Respondent shall report to the board quarterly, on a schedule as directed by the board or its  
17 designee. The report shall be made either in person or in writing, as directed. Among other  
18 requirements, respondent shall state in each report under penalty of perjury whether there has  
19 been compliance with all the terms and conditions of probation.

20 In addition, respondent must provide to the board any inspection reports issued by any other  
21 regulatory or accreditation agency including any state or federal agency within two (2) business  
22 days of the report being issued.

23 Failure to submit timely reports in a form as directed shall be considered a violation of  
24 probation. Any period(s) of delinquency in submission of reports as directed may be added to the  
25 total period of probation. Moreover, if the final probation report is not made as directed,  
26 probation shall be automatically extended until such time as the final report is made and accepted  
27 by the board.

28 ///

1           **4. Interview with the Board**

2           Upon receipt of reasonable prior notice considering the travel and distances involved,  
3 respondent shall appear in person or via remote meeting platform such as Zoom or Microsoft  
4 Teams or telephone for interviews with the board or its designee, at such intervals and locations  
5 as are determined by the board or its designee. Failure to appear for any scheduled interview  
6 without prior notification to board staff, or failure to appear for two (2) or more scheduled  
7 interviews with the board or its designee during the period of probation, shall be considered a  
8 violation of probation.

9           **5. Cooperate with Board Staff**

10          Respondent shall timely cooperate with the board's inspection program and with the board's  
11 monitoring and investigation of respondent's compliance with the terms and conditions of  
12 respondent's probation, including but not limited to: timely responses to requests for information  
13 by board staff; timely compliance with directives from board staff regarding requirements of any  
14 term or condition of probation; and timely completion of documentation pertaining to a term or  
15 condition of probation. Failure to timely cooperate shall be considered a violation of probation.

16          **6. Reimbursement of Board Costs**

17          As a condition precedent to successful completion of probation, respondent shall pay to the  
18 board its costs of investigation and prosecution in the amount of \$11,733.00. Respondent shall  
19 make said payments as follows:

20          Respondent shall be permitted to pay these costs in a payment plan approved by the board  
21 or its designee, so long as full payment is completed no later than one (1) year prior to the end  
22 date of probation. There shall be no deviation from this schedule absent prior written approval by  
23 the board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a  
24 violation of probation.

25          **7. Probation Monitoring Costs**

26          Respondent shall pay any costs associated with probation monitoring as determined by the  
27 board each and every year of probation. Probation monitoring costs include travel expenses for  
28 an inspector to inspect the facility on a schedule as determined by the board. Such costs shall be

1 payable to the board on a schedule as directed by the board or its designee. Failure to pay such  
2 costs by the deadline(s) as directed shall be considered a violation of probation.

3 **8. Status of License**

4 Respondent shall, at all times while on probation, maintain an active, current Nonresident  
5 Pharmacy Permit and Nonresident Sterile Compounding Pharmacy Permit with the board,  
6 including any period during which suspension or probation is tolled. Failure to maintain an  
7 active, current Nonresident Pharmacy Permit shall be considered a violation of probation.

8 If respondent's Nonresident Pharmacy Permit expires or is cancelled by operation of law or  
9 otherwise at any time during the period of probation, including any extensions thereof due to  
10 tolling or otherwise, upon renewal or reapplication respondent's license shall be subject to all  
11 terms and conditions of this probation not previously satisfied.

12 **9. License Surrender While on Probation/Suspension**

13 Following the effective date of this decision, should respondent cease practice due to  
14 retirement or health, or be otherwise unable to satisfy the terms and conditions of probation,  
15 respondent may relinquish its license, including any indicia of licensure issued by the board,  
16 along with a request to surrender the license. The board or its designee shall have the discretion  
17 whether to accept the surrender or take any other action it deems appropriate and reasonable in  
18 the event that respondent has outstanding obligations under this Decision and Order, or is subject  
19 to any investigation by the board, or is subject to subsequent administrative action. Upon formal  
20 acceptance of the surrender of the license, respondent will no longer be subject to the terms and  
21 conditions of probation. This surrender constitutes a record of discipline and shall become a part  
22 of the respondent's license history with the board.

23 Upon acceptance of the surrender, respondent shall relinquish its pocket and/or wall license,  
24 including any indicia of licensure not previously provided to the board within ten (10) days of  
25 notification by the board that the surrender is accepted if not already provided. Respondent may  
26 not reapply for any license from the board for three (3) years from the effective date of the  
27 surrender. Respondent shall meet all requirements applicable to the license sought as of the date  
28 the application for that license is submitted to the board, including any outstanding costs.

1           **10. Sale or Discontinuance of Business**

2           During the period of probation, should respondent sell, trade, or transfer all or part of the  
3 ownership of the licensed entity, discontinue doing business under the license issued to  
4 respondent, or should practice at that location be assumed by another full or partial owner,  
5 person, firm, business, or entity, under the same or a different premises license number, the board  
6 or its designee shall have the sole discretion to determine whether to exercise continuing  
7 jurisdiction over the licensed location, under the current or new premises license number, and/or  
8 carry the remaining period of probation forward to be applicable to the current or new premises  
9 license number of the new owner.

10           **11. Notice to Employees**

11           Respondent shall, upon or before the effective date of this decision, ensure that all  
12 employees involved in permit operations are made aware of all the terms and conditions of  
13 probation, either by posting a notice of the terms and conditions, circulating such notice, or both.  
14 If the notice required by the provision is posted, it shall be posted in a prominent place and shall  
15 remain posted throughout the probation period. Respondent shall ensure that any employees  
16 hired or used after the effective date of this decision are made aware of the terms and conditions  
17 of probation by posting a notice, circulating a notice, or both. Additionally, respondent shall  
18 submit written notification to the board, within thirty (30) days of the effective date of this  
19 decision, that this term has been satisfied. Failure to timely provide such notification to  
20 employees, or to timely submit such notification to the board shall be considered a violation of  
21 probation.

22           “Employees” as used in this provision includes all full-time, part-time, volunteer, temporary  
23 and relief employees and independent contractors employed or hired at any time during  
24 probation.

25           **12. Owners and Officers: Knowledge of the Law**

26           Respondent shall provide, within ninety (90) days after the effective date of this decision,  
27 signed and dated statements from its indirect, natural person owners, including any owner or  
28 holder of ten percent (10%) or more of the interest in respondent or respondent's stock, and all of

1 its officer, stating under penalty of perjury that said individuals have read and are familiar with  
2 state and federal laws and regulations governing the practice of pharmacy. The failure to timely  
3 provide said statements under penalty of perjury shall be considered a violation of probation.

4 **13. Premises Open for Business**

5 Respondent shall remain open and engaged in its ordinary business as a nonresident  
6 pharmacy facility for a minimum of forty (40) hours per calendar month. Any month during  
7 which this minimum is not met shall toll the period of probation, i.e., the period of probation shall  
8 be extended by one month for each month during with this minimum is not met. During any such  
9 period of tolling of probation, respondent must nonetheless comply with all terms and conditions  
10 of probation, unless respondent is informed otherwise in writing by the board or its designee. If  
11 respondent is not open and engaged in its ordinary business as a nonresident pharmacy or  
12 nonresident sterile compounding pharmacy for a minimum of forty (40) hours in any calendar  
13 month, for any reason (including vacation), respondent shall notify the board in writing within ten  
14 (10) days of the conclusion of that calendar month. This notification shall include at minimum all  
15 of the following: the date(s) and hours respondent was open; the reason(s) for the interruption or  
16 why business was not conducted; and the anticipated date(s) on which respondent will resume  
17 business as required. Respondent shall further notify the board in writing with ten (10) days  
18 following the next calendar month during which respondent is open and engaged in its ordinary  
19 business as a nonresident pharmacy for a minimum of forty (40) hours. Any failure to timely  
20 provide such notification(s) shall be considered a violation of probation.

21 **14. Posted Notice of Probation**

22 Respondent shall prominently post a probation notice in its physical facility in a place  
23 conspicuous to and readable by the public, and on its website. The probation notice shall be  
24 provided by the board or its designee and must be posted within two (2) business days of receipt.  
25 Respondent shall also provide a copy of the notice of probation in all shipments of sterile  
26 compounded preparations to California. Failure to timely post such notice, or to maintain the  
27 posting during the entire period of probation, shall be considered a violation of probation.

28 Respondent shall not, directly or indirectly, engage in any conduct or make any statement

1 which is intended to mislead or is likely to have the effect of misleading any patient, customer,  
2 member of the public, or other person(s) as to the nature of and reason for the probation of the  
3 licensed entity.

4 **15. Violation of Probation**

5 If respondent has not complied with any term or condition of probation, the board shall  
6 have continuing jurisdiction over respondent, and the board shall provide notice to respondent  
7 that probation shall automatically be extended, until all terms and conditions have been satisfied  
8 or the board has taken other action as deemed appropriate to treat the failure to comply as a  
9 violation of probation, to terminate probation, and to impose the penalty that was stayed. The  
10 board or its designee may post a notice of the extended probation period on its website.

11 If respondent violates probation in any respect, the board, after giving respondent notice  
12 and an opportunity to be heard, may revoke probation and carry out the disciplinary order that  
13 was stayed. If a petition to revoke probation or an accusation is filed against respondent during  
14 probation, or the preparation of an accusation or petition to revoke probation is requested from  
15 the Office of the Attorney General, the board shall have continuing jurisdiction and the period of  
16 probation shall be automatically extended until the petition to revoke probation or accusation is  
17 heard and decided.

18 **16. Completion of Probation**

19 Upon written notice by the board or its designee indicating successful completion of  
20 probation, respondent's license will be fully restored.

21 **17. Restricted Practice**

22 Respondent's practice as a Nonresident Pharmacy and Nonresident Sterile Compounding  
23 Pharmacy shall be prohibited from sterile compounding Beta Nicotinamide Adenine Dinucleotide  
24 (NAD) for shipment into California until respondent's probation monitor inspects the pharmacy  
25 and confirms in writing that respondents are no longer compounding with any non-  
26 pharmaceutical grade NAD material. At any time, respondents may submit documentation or any  
27 other evidence in any form to prove that respondents are compounding with pharmaceutical grade  
28 materials and if such proof is sufficient to the board or its designee it shall confirm in writing that

1 this restriction is lifted and respondents may begin compounding NAD for shipment into  
2 California even if an inspection has not yet occurred.

3 **18. No New Ownership or Management of Licensed Premises**

4 None of respondent's owners or officers shall acquire any new ownership, legal or  
5 beneficial interest nor serve as a manager, administrator, member, officer, director, trustee,  
6 associate, or partner of any additional business, firm, partnership, or corporation licensed by the  
7 board. If respondent currently owns or has any legal or beneficial interest in, or serves as a  
8 manager, administrator, member, officer, director, trustee, associate, or partner of any business,  
9 firm, partnership, or corporation currently or hereinafter licensed by the board, respondent may  
10 continue to serve in such capacity or hold that interest, but only to the extent of that position or  
11 interest as of the effective date of this decision. Violation of this restriction shall be considered a  
12 violation of probation.

13 **ACCEPTANCE**

14 I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully  
15 discussed it with my attorney, Sweta H. Patel. I understand the stipulation and the effect it will

### 10 JURISDICTION

11 4. This Accusation is brought before the Board under the authority of the following  
12 laws. All section references are to the Business and Professions Code (Code) unless otherwise  
13 indicated.

14 5. Code section 4300 states, in pertinent part:

15 (a) Every license issued may be suspended or revoked.

16 (b) The board shall discipline the holder of any license issued by the board,  
17 whose default has been entered or whose case has been heard by the board and found  
guilty, by any of the following methods:

18 (1) Suspending judgment.

19 (2) Placing him or her upon probation.

20 (3) Suspending his or her right to practice for a period not exceeding one year.

21 (4) Revoking his or her license.

22 (5) Taking any other action in relation to disciplining him or her as the board in  
23 its discretion may deem proper.

24 . . .

25 (e) The proceedings under this article shall be conducted in accordance with  
Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the  
26 Government Code, and the board shall have all the powers granted therein. The  
action shall be final, except that the propriety of the action is subject to review by the  
superior court pursuant to Section 1094.5 of the Code of Civil Procedure.

27 6. Code section 4300.1 states:

28 The expiration, cancellation, forfeiture, or suspension of a board-issued license

1 by operation of law or by order or decision of the board or a court of law, the  
2 placement of a license on a retired status, or the voluntary surrender of a license by a  
3 licensee shall not deprive the board of jurisdiction to commence or proceed with any  
4 investigation of, or action or disciplinary proceeding against, the licensee or to render  
5 a decision suspending or revoking the license.

6 7. Code section 4011 provides that the Board shall administer and enforce both the  
7 Pharmacy Law [Bus. & Prof. Code § 4000 et seq.] and the Uniform Controlled Substances Act  
8 [Health & Safety Code § 11000 et seq.].

9 **STATUTORY PROVISIONS**

10 8. Code section 4301 states, in pertinent part:

11 The board shall take action against any holder of a license who is guilty of  
12 unprofessional conduct . . . Unprofessional conduct shall include, but is not limited to,  
13 any of the following:

14 . . .

15 (g) Knowingly making or signing any certificate or other document that falsely  
16 represents the existence or nonexistence of a state of facts.

17 . . .

18 (j) The violation of any of the statutes of this state, or any other state, or of the  
19 United States regulating controlled substances and dangerous drugs.

20 . . .

21 (n) The revocation, suspension, or other discipline by another state of a license  
22 to practice pharmacy, operate a pharmacy, or do any other act for which a license is  
23 required by this chapter that would be grounds for revocation, suspension, or other  
24 discipline under this chapter. Any disciplinary action taken by the board pursuant to  
25 this section shall be coterminous with action taken by another state, except that the  
26 term of any discipline taken by the board may exceed that of another state, consistent  
27 with the board's enforcement guidelines. The evidence of discipline by another state  
28 is conclusive proof of unprofessional conduct.

(o) Violating or attempting to violate, directly or indirectly, or assisting in or  
abetting the violation of or conspiring to violate any provision or term of this chapter  
or of the applicable federal and state laws and regulations governing pharmacy,

regulatory agency.

. . .

9. Code section 4303, subdivision (b), states:

The board may cancel, deny, revoke, or suspend a nonresident pharmacy registration,  
issue a citation or letter of admonishment to a nonresident pharmacy, or take any

pharmacy license, on any of the same grounds upon which such action might be taken  
against a resident pharmacy, provided that the grounds for the action are also grounds

1 for action in the state in which the nonresident pharmacy is permanently located.

2 10. Section 4307 of the Code states:

3 (a) Any person who has been denied a license or whose license has been revoked or is under  
4 suspension, or who has failed to renew his or her license while it was under suspension, or who

9 officer, director, associate, partner, or any other person with management or control had  
10 knowledge of or knowingly participated in any conduct for which the license was denied,  
11 revoked, suspended, or placed on probation, shall be prohibited from serving as a manager,  
12 administrator, owner, member, officer, director, associate, partner, or in any other position with  
13 management or control of a licensee as follows:

14 (1) Where a probationary license is issued or where an existing license is placed on  
15 probation, this prohibition shall remain in effect for a period not to exceed five years.

16 (2) Where the license is denied or revoked, the prohibition shall continue until the license is  
17 issued or reinstated.

18 (b) "Manager, administrator, owner, member, officer, director, associate, partner, or any  
19 other person with management or control of a license" as used in this section and Section 4308,

24 as to whom the pleading alleges the applicability of this section, and where the person has been  
25 given notice of the proceeding as required by Chapter 5 (commencing with Section 11500) of Part  
26 1 of Division 3 of the Government Code. The authority to proceed as provided by this subdivision  
27 shall be in addition to the board's authority to proceed under Section 4339 or any other provision  
28 of law.

7 . . .

8 (g) The pharmacist performing or supervising compounding is responsible for the integrity,  
9 potency, quality, and labeled strength of a compounded drug preparation until the beyond use  
date indicated on the label, so long as label instructions for storage and handling are followed  
after the preparation is dispensed.

10 . . .

11 (i) Every compounded drug preparation shall be given a beyond use date representing the  
12 date or date and time beyond which the compounded drug preparation should not be used, stored,

14 any of the following:

15 (A) the shortest expiration date or beyond use date of any ingredient in the compounded  
drug preparation,

16 (B) the chemical stability of any one ingredient in the compounded drug preparation,

17 (C) the chemical stability of the combination of all ingredients in the compounded drug  
18 preparation,

19 (D) for non-aqueous formulations, 180 days or an extended date established by the  
pharmacist's research, analysis, and documentation,

the research, analysis and conclusion. The factors the pharmacist must analyze include:

26 (i) the nature of the drug and its degradation mechanism,

27 (ii) the dosage form and its components,  
28

- (iii) the potential for microbial proliferation in the preparation,
- (iv) the container in which it is packaged,
- (v) the expected storage conditions, and
- (vi) the intended duration of therapy.

Documentation of the pharmacist's research and analysis supporting an extension must be maintained in a readily retrievable format as part of the master formula.

(2) For sterile compounded drug preparations, the beyond use date shall not exceed any of the following:

(A) The shortest expiration date or beyond use date of any ingredient in the sterile compounded drug product preparation,

(B) The chemical stability of any one ingredient in the sterile compounded drug preparation,

(C) The chemical stability of the combination of all ingredients in the sterile compounded drug preparation, and

(D) The beyond use date assigned for sterility in section 1751.8.

(3) For sterile compounded drug preparations, extension of a beyond use date is only allowable when supported by the following:

(A) Method Suitability Test,

(B) Container Closure Integrity Test, and

(C) Stability Studies

(4) In addition to the requirements of paragraph three (3), the drugs or compounded drug preparations tested and studied shall be identical in ingredients, specific and essential compounding steps, quality reviews, and packaging as the finished drug or compounded drug preparation.

(5) Shorter dating than set forth in this subdivision may be used if it is deemed appropriate in the professional judgment of the responsible pharmacist.

23. CCR, section 1735.3 states, in pertinent part:

All other chemicals, bulk drug substances, and drug products used to compound drug preparations shall be obtained, whenever possible, from FDA- registered suppliers. The pharmacy shall acquire and retain certificates of purity or analysis, either written in English or translated into English, for chemicals, bulk drug substances, and drug products used in compounding. Certificates of purity or analysis are not required for drug products that are approved by the FDA. Any certificates of purity or analysis acquired by the pharmacy shall be matched to the corresponding chemical, bulk drug substance, or drug products received.

1 24. CCR, section 1751.7 states, in pertinent part:

2 ...

3 (e)(1) Batch-produced sterile drug preparations compounded from one or more non-  
4 sterile ingredients, except as provided in paragraph (2), shall be subject to documented end  
5 product testing for sterility and pyrogens and shall be quarantined until the end product  
6 testing confirms sterility and acceptable levels of pyrogens. Sterility testing shall be USP  
7 chapter 71<sup>1</sup> compliant and pyrogens testing shall confirm acceptable levels of pyrogens per  
8 USP chapter 85 limits, before dispensing. This requirement of end product testing  
9 confirming sterility and acceptable levels of pyrogens prior to dispensing shall apply  
10 regardless of any sterility or pyrogen testing that may have been conducted on any  
11 ingredient or combination of ingredients that were previously non-sterile. Exempt from  
12 pyrogen testing are topical ophthalmic and inhalation preparations.

13 25. CCR, section 1761 states, in pertinent part:

14 (a) No pharmacist shall compound or dispense any prescription which contains any  
15 significant error, omission, irregularity, uncertainty, ambiguity or alteration. Upon receipt of any  
16 such prescription, the pharmacist shall contact the prescriber to obtain the information needed to  
17 validate the prescription.

18 ...

### 19 **COST RECOVERY**

20 26. Section 125.3 of the Code provides, in pertinent part, that the Board may request the  
21 administrative law judge to direct a licensee found to have committed a violation or violations of  
22 the licensing act to pay a sum not to exceed the reasonable costs of the investigation and  
23 enforcement of the case, with failure of the licensee to comply subjecting the license to not being  
24 renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be  
25 included in a stipulated settlement.

### 26 **DRUG DESCRIPTION**

27 27. *Peptides* are a string of amino acids held together by peptide bonds. Peptides were  
28 made up of smaller chains of amino acids than proteins, a peptide contains 2 to about 100 amino  
acids. A polypeptide was a chain of 10 or more amino acids. A protein was greater than 100  
amino acid in a chain. Most peptides found in the human body are about 20 amino acids long.

29 <sup>1</sup> The suffix “USP” is to indicate that the product meets the standards of the U.S.  
30 Pharmacopeia (a collection of concise but detailed drug information) for the United States  
31 published annually by the United States Pharmacopeial Convention (usually also called the USP),  
32 a nonprofit organization that owns the trademark and also owns the copyright on the  
33 pharmacopeia itself. USP has no role in enforcing its standards; enforcement is the responsibility  
34 of the U.S. Food and Drug Administration (FDA) and other government authorities in the United  
35 States.

1 The Food and Drug Administration (FDA) considers any polymer composed of 40 or fewer  
2 amino acids to be a peptide.
