

Attention: DHCS Town Hall Webinar on July 30 to Discuss Medi-Cal Provider Enrollment Requirements

Who: Department of Health Care Services (DHCS)

What: Town Hall Webinar

When: July 30, 2026; 9:30am – 11:00am PDT

The California State Board of Pharmacy wishes to advise licensees and other stakeholders that DHCS will host a [town hall webinar](#) on July 30, 2026, to explain Ordering, Referring, and Prescribing (ORP) enrollment requirements for claims across both pharmacy (Medi-Cal Rx) and medical (CA-MMIS) billing systems.

Advance registration is required - [register now](#).

Federal law requires providers who order, refer, or prescribe services for Medi-Cal members to be enrolled in Medi-Cal and identified on claims using a valid Type 1 (Individual) National Provider Identifier (NPI). The webinar will explain this requirement, clarify what prescribers and providers must do to achieve or stay in compliance, and gather questions from stakeholders.

ORP enrollment requirements may apply to you – Board licensees are encouraged to register and attend to learn more about these important changes.
