Hi Debbie,

LA resident here. I'd like to express my concerns for the BOP voting to eliminate CA's access to injections of glutathione, B12 and other sterile compounds that are at risk of being cut. These are safe and effective and a lot of people need them. There's no benefit to cutting these. You're cutting off treatments for a lot of people.

Please log my disapproval. The CA State board of pharmacists must vote no on this.

-Paul
