**Requirements for Pharmacies
Employing Pharmacy Technicians
in Hospitals with Clinical
Pharmacy Programs**

16 CCR §§ 1793.7 and 1793.8

DEPARTMENT OF CONSUMER AFFAIRS

Title 16. Board of Pharmacy

Requirements for Pharmacies Employing Pharmacy Technicians

Proposal to Amend CCR section 1793.7 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

§ 1793.7. Requirements for Pharmacies Employing Pharmacy Technicians.

(a) Except as otherwise provided in section 1793.8, any function performed by a pharmacy technician in connection with the dispensing of a prescription, including repackaging from bulk and storage of pharmaceuticals, must be verified and documented in writing by a pharmacist. Except for the preparation of prescriptions for an inpatient of a hospital and for an inmate of a correctional facility, the pharmacist shall indicate verification of the prescription by initialing the prescription label before the medication is provided to the patient.

(b) Pharmacy technicians must work under the direct supervision of a pharmacist and in such a relationship that the supervising pharmacist is fully aware of all activities involved in the preparation and dispensing of medications, including the maintenance of appropriate records.

(c) A pharmacy technician must wear identification clearly identifying him or her as a pharmacy technician.

(d) Any pharmacy employing or using a pharmacy technician shall develop a job description and written policies and procedures adequate to ensure compliance with the provisions of Article 11 of this Chapter, and shall maintain, for at least three years from the time of making, records adequate to establish compliance with these sections and written policies and procedures.

(e) A pharmacist shall be responsible for all activities of pharmacy technicians to ensure that all such activities are performed completely, safely and without risk of harm to patients.

(f) For the preparation of a prescription for an inpatient of a licensed health facility and for a patient of a licensed home health agency, the pharmacist to pharmacy technician ratio shall be established by the pharmacist-in-charge. not be less than one pharmacist on duty for a total of two pharmacy technicians on duty. Pursuant to Business and Professions Code section 4115(g)(1), this ratio shall not apply to the preparation of a prescription for an inmate of a correctional facility of the Department of Youth Authority or the Department of

Corrections and Rehabilitation, or for a person receiving treatment in a facility operated by the State Department of Mental Health State Hospitals, the State Department of Developmental Services, or the Department of Veterans Affairs.

Title 16. Board of Pharmacy

Technicians in Hospitals with Clinical Pharmacy Programs

Proposal to Amend CCR section 1793.8 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

§ 1793.8. Technicians in Hospitals with Clinical Pharmacy Programs.

(a) In addition to the duties described in Business and Professions Code section 4115 and section 1793.2 of this division, A a general acute care hospital, as defined in Health and Safety Code section 1250(a), that has an ongoing clinical pharmacy program, may allow pharmacy technicians to perform such other nondiscretionary tasks, as determined appropriate by the hospital's pharmacist-in-charge and set forth in the hospital's policies and procedures, under the following conditions. ~~to check the work of other pharmacy technicians in connection with the filling of floor and ward stock and unit dose distribution systems for patients admitted to the hospital whose orders have previously been reviewed and approved by a licensed pharmacist.~~

(1) Only inpatient hospital pharmacies as defined in Business and Professions Code section 4029(a) that maintain a clinical pharmacy services program as described in Business and Professions Code section 4052.1 may have a technician performing such tasks. ~~checking technician program as described.~~ The pharmacy shall have on file a description of the clinical pharmacy program ~~prior to initiating a technician checking technician program.~~

~~(1) This section shall only apply to acute care inpatient hospital pharmacy settings.~~

(2) Hospital pharmacies that have a technician performing the tasks ~~checking technician program~~ shall deploy pharmacists to the inpatient care setting to provide clinical services.

(b) Compounded or repackaged products must have been previously checked by a pharmacist and then may be used by the technician to fill unit dose distribution systems, and floor and ward stock.

(c) To ensure quality patient care and reduce medication errors, programs that use pharmacy technicians to check the work of other pharmacy technicians pursuant to this section must include the following components:

(1) The overall operation of the program shall be the responsibility of the pharmacist-in-charge.

(2) The program shall be under the direct supervision of a pharmacist and the parameters for the direct supervision shall be specified in the facility's policies and procedures.

(3) The pharmacy technician who performs the checking function has received specialized and advanced training as prescribed in the policies and procedures of the facility.

(4) To ensure quality there shall be ongoing evaluation of programs that use pharmacy technicians to check the work of other pharmacy technicians.

Proposed Regulatory Language

Legend: Added text is indicated with an underline.

Amend 16 CCR § 1710 to Article 2 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

16 CCR § 1710

§ 1710. Hospital Pharmacy.

(a) A hospital pharmacy which predominantly furnishes drugs to inpatients of that hospital may furnish drugs to outpatients or employees of that hospital or to walk-in customers, provided that sales to walk-in customers do not exceed one (1) percent of all the pharmacy's prescriptions. Such a pharmacy is exempt from the requirements of Business and Professions code section 4113.1.

(b) A hospital pharmacy may process an order for filling patient cassettes by another pharmacy within this state, provided:

(1) The pharmacy that is to fill the cassettes either has a contract with the ordering hospital pharmacy or has the same owner as the ordering inpatient hospital pharmacy,

(2) The filled cassette is delivered directly from the filling pharmacy to the ordering hospital pharmacy,

(3) Each cassette or container meets the requirements of Business and Professions Code section 4076,

(4) Both pharmacies are responsible for ensuring that the order has been properly filled.

(5) Both pharmacies shall maintain complete and accurate records of each cassette fill transaction, including the name of the pharmacist checking the cassettes at each pharmacy.

(6) Prescription information shall be electronically transferred between the two pharmacies.

**Accessible Prescription
Drug Labels
16 CCR § 1707.51**

Department of Consumer Affairs
Title 16. Pharmacy

Proposed Regulatory Language
Accessible Prescription Drug Labels

Legend: Added text is indicated with an underline.

Add 16 CCR § 1707.51 to Article 2 of Division 17 of Title 16 of the California Code of Regulations to read as follows:

§ 1707.51. Accessible Prescription Drug Labels.

a) Each pharmacy subject to Business and Professions Code section 4076.8 shall establish policies and procedures for providing these accessible prescription labels. The policies and procedures shall meet the following requirements:

(1) Define “in a timely manner” in relation to medication dispensing time for the pharmacy’s patient population, comparable to other patient wait times and based on the clinical needs of the patient.

(2) Describe action to take if the medication cannot be dispensed in a “timely manner” including:

(A) notification to the patient,

(B) steps to take to avoid adversely affecting the patients’ medical condition based on the pharmacists’ professional training and judgment, and

(C) steps to take to assure future access to the medication with an accessible label.

(3) Describe the process used to determine patient accessibility needs pursuant to Business and Professions Code section 4076.8. and list the accessibility options available in the pharmacy including any deviations from section 1707.5 of this Article that are needed to meet patient needs.

(4) Describes the training provided to pharmacy personnel on best practices related to prescription label accessibility.

(b) Pharmacy personnel must read and sign a copy of the policies and procedures required in (a) of this section. All signed copies are to be maintained in the pharmacy premises in a readily retrievable format.
