§ 1760. Disciplinary Guidelines.

In reaching a decision on a disciplinary action under the Administrative Procedure Act (Government Code sections 11400, et seq.) the Board shall consider the disciplinary guidelines entitled "Disciplinary Guidelines" (Rev. 4/2024~~1~~2026), which are hereby incorporated by reference.

**DISCIPLINARY GUIDELINES
(Rev. 4/2024/2026)**

INTRODUCTION

The Board of Pharmacy (Board) is responsible for the enforcement of statutes and regulations related to the practice of pharmacy (the Pharmacy Law) and to the regulation of controlled substances (the Uniform Controlled Substances Act). The Board serves the public by:

- protecting the health, safety, and welfare of the people of California with integrity and honesty;
- advocating the highest quality of affordable pharmaceutical care;
- providing the best available information on pharmaceutical care; and
- promoting education, wellness, and quality of life.

Pharmacists and intern pharmacists are patient advocates and vital members of the clinical care team who provide pharmaceutical care and exercise clinical judgment for their patients. They also exercise critical vigilance and control over medication stocks, drug inventories, and quality assurance protocols. Pharmacy technicians provide crucial assistance to pharmacists and intern pharmacists in all of their pharmacy tasks. Pharmacists and intern pharmacists enlighten their patients about their drug therapies through effective communicating and listening, assessing, collaborating, understanding, and intervening. They also, under appropriate conditions, initiate or terminate drug therapies, compound drug preparations, ensure safety and security of drug stocks, and otherwise contribute to clinical safety and performance. Also, pharmacists and intern pharmacists are always vigilant to ensure that drug therapies are being appropriately and effectively utilized. When a pharmacist takes on the responsibility of a pharmacist-in-charge, the pharmacist also ensures the pharmacy's compliance with state and federal law, quality assurance responsibilities, and inventory controls. Likewise, the premises and other individuals licensed by the Board help to ensure the reliability, safety, and security of the dangerous drug and/or dangerous device supply chain, so that patients and prescribers can be confident in the drugs or devices prescribed. Enforcement officials act quickly, consistently, and efficiently in the public's interest to ensure the safe, effective delivery of these services.

The Board recognizes the importance of ensuring the safe and effective delivery of dangerous drugs and/or dangerous devices and controlled substances for therapeutic purposes. At the same time, and given the historical and current abuse and diversion of drugs, particularly controlled substances, the Board believes there should be no tolerance for licensees who traffic in drugs or who, in the absence of appropriate evidence of rehabilitation, personally abuse drugs or alcohol.

In accordance with section 1760 of the California Code of Regulations, and the provisions contained in Sections 1771—1774, the Board has produced this booklet for those involved in and affected by the disciplinary process: the general public, board licensees, attorneys from the Office of the Attorney General, administrative law judges from the Office of Administrative Hearings, defense attorneys, the courts, Board staff, and Board members, who review and vote on proposed decisions and stipulations.

These guidelines are to be followed in Board of Pharmacy disciplinary actions. Subject to judicial review, the Board has the final authority over the disposition of its cases, and, to complete its work, it uses the services of the Office of the Attorney General and the Office of Administrative Hearings. The Board recognizes that individual cases may necessitate a departure from these guidelines. In such cases, the mitigating or aggravating circumstances shall be detailed in any proposed decision or any transmittal memorandum accompanying a proposed stipulation, especially where Category III or IV violations are involved.

In general, the position of the Board is that revocation should always be an option whenever grounds for discipline are found to exist. Board policy is that revocation is generally an appropriate order where a respondent is in default, such as when they fail to file a notice of defense or fails to appear at a disciplinary hearing.

Board policy is that a suspension, where imposed, should be at least 30 days for an individual and at least 14 days for a licensed premises.

The Board seeks recovery of all investigative and prosecution costs up to the hearing in all disciplinary cases. This includes all charges of the Office of the Attorney General, including, but not limited to, those for legal services, and includes charges by expert consultants. The Board believes that the burden of paying for disciplinary cases should fall on those whose conduct requires investigation and prosecution, not on the profession as a whole.

The Board recognizes there may be situations where an individual licensee deserves a stronger penalty than the pharmacy for which they work. Similarly, the Board recognizes that in some cases, a licensed premises may well be more culpable than any individual licensed by or registered with the Board. Typically, the Board also believes in holding a pharmacy owner, manager, and/or pharmacist-in-charge responsible for the acts of pharmacy personnel.

For purposes of these guidelines, “Board” includes the Board and/or its designees.

FACTORS TO BE CONSIDERED IN DETERMINING PENALTIES

Section 4300 of the Business and Professions Code provides that the Board may discipline the holder of, and suspend or revoke, any certificate, license, or permit issued by the Board.

In determining whether the minimum, maximum, or an intermediate penalty is to be imposed in a given case, factors such as the following should be considered:

1. actual or potential harm to the public
2. actual or potential harm to any consumer
3. prior disciplinary record, including level of compliance with disciplinary order(s)
4. prior warning(s), including but not limited to citation(s) and fine(s), letter(s) of admonishment, and/or correction notice(s)
5. number and/or variety of current violations
6. nature and severity of the act(s), offense(s), or crime(s) under consideration
7. aggravating evidence
8. mitigating evidence
9. rehabilitation evidence
10. compliance with terms of any criminal sentence, parole, or probation
11. overall criminal record
12. if applicable, evidence of proceedings for case being set aside and dismissed pursuant to 1203.4 of the Penal Code
13. time passed since the act(s) or offense(s)
14. whether the conduct was intentional, negligent, or demonstrated incompetence
15. financial benefit to the respondent from the misconduct
16. other licenses held by the respondent and license history of those licenses.
17. Uniform Standards Regarding Substance-Abusing Healing Arts Licensees (see Business and Professions Code 315)
18. if the respondent is being held accountable for conduct committed by another, whether the respondent had knowledge of or knowingly participated in such conduct.

No single one or combination of the above factors is required to justify the minimum and/or maximum penalty in a given case, as opposed to an intermediate penalty.

MITIGATING EVIDENCE

A respondent is permitted to present mitigating circumstances at a hearing or in the settlement process and has the burden of demonstrating any rehabilitative or corrective measures they have taken. The Board does not intend, by the following references to written statements, letters, and reports, to waive any evidentiary objections to the form or admissibility of such evidence. The respondent must produce admissible evidence in the form required by law in the absence of a stipulation to admissibility by the complainant.

The following are examples of appropriate evidence a respondent may submit to demonstrate their rehabilitative efforts and competency, for consideration by the Board:

- a. Recent, dated, written statements and/or performance evaluations from persons in positions of authority who have on-the-job knowledge of the respondent's current competence in the practice relevant to the disciplinary proceeding, including the period of time and capacity in which the person worked with the respondent. Such reports must be signed under penalty of perjury and will be subject to verification by Board staff.
- b. Recent, dated letters from licensed treatment providers regarding the respondent's participation in a rehabilitation or recovery program, which should include at least a description and requirements of the program, a diagnosis of the condition and current state of recovery, and the basis for determining rehabilitation. Such letters and reports will be subject to verification by Board staff.
- c. Recent, dated letters describing the respondent's participation in support groups, (e.g., Alcoholics Anonymous, Narcotics Anonymous, professional support groups, etc.). Such letters and reports will be subject to verification by Board staff.
- d. Recent, dated laboratory analyses or drug screen reports, confirming abstention from drugs and alcohol. Such analyses and reports will be subject to verification by Board staff.
- e. Recent, dated physical examination/assessment report(s) by a California licensed health care practitioner, confirming the absence of any physical impairment that would prohibit the respondent from practicing safely consistent with the health care practitioner's scope of practice. Such report(s) will be subject to verification by Board staff.
- f. Recent, dated letters from probation or parole officers regarding the respondent's participation in and/or compliance with terms and conditions of probation or parole, which should include at least a description of the terms and conditions, and the officer's basis for determining compliance. Such letters and reports will be subject to verification by Board staff.

- g. Recent, dated letters from persons familiar with respondent in either a personal or professional capacity regarding their knowledge of: the respondent's character; the respondent's rehabilitation, if any; the conduct of which the respondent is accused; or any other pertinent facts that would enable the Board to better decide the case. Such letters must be signed under penalty of perjury and will be subject to verification by Board staff.

- h. For premises licensees, recent, dated letters from appropriate licensees or representatives of licensees of the Board in good standing, or from appropriate consultants and/or experts in the field, written by persons familiar with respondent in either a personal or professional capacity regarding their knowledge of: the character and rehabilitation, if any, of respondent's owner(s), officer(s), or managerial employee(s); the conduct of which the respondent is accused; the details of respondent's operation(s); or any other pertinent facts that would enable the Board to better decide the case. Such letters must be signed under penalty of perjury and will be subject to verification by Board staff.

TERMS OF PROBATION – INDIVIDUAL LICENSEES

Terms and conditions are imposed to provide consumer protection and to allow the probationer to demonstrate rehabilitation. A suspension period may also be required as part of the probation order. The Board prefers that any stayed order be for revocation rather than for some period of suspension. The Board also uses the Uniform Standards Regarding Substance-Abusing Licensees developed by the Substance Abuse Coordinating Committee of the Department of Consumer Affairs (2011).

Probation conditions are divided into two categories: (1) standard conditions that shall appear in all probation cases, and (2) optional conditions that depend on the nature and circumstances of a particular case. These conditions may vary depending on the nature of the offense(s).

The Board may also impose any other condition appropriate to the case where the condition is not contrary to public policy.

CATEGORIES OF VIOLATIONS AND RECOMMENDED PENALTIES

The California Pharmacy Law identifies offenses for which the Board may take disciplinary action against the license. Included among grounds for discipline are violations of the Pharmacy Law itself, violations of regulations promulgated by the Board, and violations of other state or federal statutes or regulations.

For those licenses issued to individuals, the Board has identified four (4) categories of violations and their associated recommended minimum and maximum penalties. These categories of violations are arranged in ascending order from the least serious (Category I) to the most serious (Category IV), although any single violation in any category, or any combination of violation(s) in one or more categories, may merit revocation. For pharmacy technicians and designated representatives, the Board believes an order of revocation is typically the appropriate penalty when any grounds for discipline are established, and that if revocation is not imposed that a minimum Category III level of discipline should be imposed.

For each violation category, the Board has given descriptions and examples where violations would typically merit the recommended range of minimum to maximum penalties for that category. These descriptions and examples are representative, and are not intended to be comprehensive or exclusive. Where a violation not included in these lists is a basis for disciplinary action, the appropriate penalty for that violation may be best derived by comparison to any analogous violation(s) that are included. Where no such analogous violation is listed, the category descriptions may be consulted.

These categories presume a single violation. For multiple violations, the appropriate penalty shall increase accordingly. Moreover, if an individual has committed violations in more than one category, the minimum and maximum penalties shall be those recommended in the highest category.

The Board also has the authority, pursuant to Business and Professions Code section 4301(n), to impose discipline based on disciplinary action taken by another jurisdiction.

The discipline imposed by the Board will depend on the discipline imposed by the other jurisdiction, the extent of the respondent's compliance with the terms of that discipline, the nature of the conduct for which the discipline was imposed, and other factors set forth in these guidelines.

CATEGORY I

Minimum: Revocation; Revocation stayed; two years' probation. All standard terms and conditions shall be included and optional terms and conditions as appropriate.

Maximum: Revocation

Category I discipline is recommended for violations that are less serious than Category II through IV but are potentially harmful. These may include:

- violation(s) involving the improper compounding of drug products; and
- violation(s) resulting from the misuse of education or licensing privileges, irrespective of whether it occurs outside of an entity licensed by the Board.

CATEGORY II

Maximum: Revocation

Category III discipline is recommended for violations where potential for harm is greater, more imminent, or more serious than it is for Category II violations, as well as for violations that involve knowingly or willfully violating laws or regulations pertaining to pharmacy and/or to the dispensing or distributing of dangerous drugs and/or dangerous devices or controlled substances, and most criminal convictions involving alcohol, dangerous drugs and/or dangerous devices or controlled substances. CATEGORY IV

Penalty: Revocation

Category IV discipline (revocation) is recommended for the most serious violations of laws or regulations pertaining to pharmacy and/or to the dispensing or distributing of dangerous drugs and/or dangerous devices or controlled substances. Violations in this category may include:

The Board may post a notice of the extended probation period on its website.

If respondent violates probation in any respect, the Board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the Board shall have continuing jurisdiction and the period of probation shall be automatically extended until the

21. Psychotherapy (Appropriate for those cases where the evidence demonstrates psychiatric disorders (mental health issues, emotional disturbance, gambling addiction), alcohol or drug use was involved in the violation(s).)

Within thirty (30) days of the effective date of this decision, respondent shall submit to the Board, for prior approval, the name and qualifications of a licensed mental health practitioner of respondent's choice. Within thirty (30) days of approval thereof, respondent shall submit documentation to the Board demonstrating the commencement of psychotherapy with the approved licensed mental health practitioner. Respondent shall sign a release authorizing the Board-approved mental health practitioner to furnish the Board with a current diagnosis and a written report regarding the respondent's ability to function independently as a(n) [insert license type] with no risk of harm to the public. Should respondent, for any reason, cease treatment with the approved licensed mental health practitioner, respondent shall notify the Board immediately and, within thirty (30) days of ceasing treatment, submit the name of a replacement psychotherapist or licensed mental health practitioner of respondent's choice to the Board for its prior approval. Within thirty (30) days of approval thereof, respondent shall submit documentation to the Board demonstrating the commencement of psychotherapy with the approved replacement. Failure to comply with any requirement or deadline stated by this paragraph shall be considered a violation of probation.

Upon approval of the initial or any subsequent licensed mental health practitioner, respondent shall undergo and continue treatment with that therapist, at respondent's own expense, until the therapist recommends in writing to the Board, and the Board agrees by way of a written notification to respondent, that no further psychotherapy is necessary. Upon receipt of such recommendation from the treating therapist, and before determining whether to accept or reject said recommendation, the Board may require respondent to undergo, at respondent's own expense, a mental health evaluation by a Board-appointed or Board-approved psychiatrist or psychologist. If the approved evaluator recommends that respondent continue psychotherapy, the Board may require respondent to continue

psychotherapy.

Psychotherapy shall be at least once a week unless otherwise approved by the Board. Respondent shall provide the therapist with a copy of the Board's accusation and decision no later than the first therapy session. Respondent shall take all necessary steps to ensure that the treating therapist submits written quarterly reports to the Board concerning respondent's fitness to practice, progress in treatment, and such other information required by the Board.

If at any time the treating therapist determines that respondent cannot practice safely or independently, the therapist shall notify the Board immediately by telephone and follow up by written letter or email within three (3) working days. Upon notification from the Board of this determination, respondent shall be automatically suspended and shall not resume practice until notified by the Board that practice may be resumed.

During any suspension, respondent shall not enter any pharmacy area or any portion of any Board-licensed premises where dangerous drugs and/or dangerous devices or controlled substances are maintained.

Respondent shall not exercise any of the privileges conveyed by the Board nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing, or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the Board, or have access to or control the ordering, distributing, manufacturing, or dispensing of dangerous drugs and/or dangerous devices or controlled substances. Respondent shall not resume practice until notified by the Board.

During any suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a(n) [insert license type]. Respondent shall not direct or control any aspect of any Board-licensed premises.

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

22. Medical Evaluation (Appropriate for those cases where the evidence demonstrates that the respondent has had a physical problem/disability which was a contributing cause of the violations and which may affect the respondent's ability to practice.)

Within thirty (30) days of the effective date of this decision, and on a periodic basis thereafter as may be required by the Board, respondent shall undergo a medical evaluation, at respondent's own expense, by a Board-appointed or Board-approved health care practitioner who shall furnish a medical report to the Board. The approved practitioner shall be provided with a copy of the Board's [accusation, petition to revoke probation, or other pleading] and decision. A record of this notification must be provided to the Board upon request. Respondent shall sign a release authorizing the practitioner to furnish the Board with a current diagnosis and a written report regarding the respondent's ability to function independently as [insert license type] with no risk of harm to the public. If the practitioner recommends restrictions or conditions on respondent's practice, including but not limited to other terms and conditions listed in these guidelines (e.g., required mental health treatment, inpatient treatment, prescription coordination and

monitoring, restricted practice), the Board may by written notice to respondent adopt any such restrictions or conditions as additional probation terms and conditions, violation of which shall be considered a violation of probation.

If the physician recommends, and the Board directs, that respondent undergo medical treatment, respondent shall, within thirty (30) days of written notice from the Board, submit to the Board, for prior approval, the name and qualifications of a licensed health care practitioner of respondent's choice. Within thirty (30) days of approval thereof, respondent shall submit documentation to the Board demonstrating the commencement of treatment with the approved practitioner. Should respondent, for any reason, cease treatment with the approved practitioner, respondent shall notify the Board immediately and, within thirty (30) days of ceasing treatment, submit the name of a replacement practitioner of respondent's choice to the Board for prior approval. Within thirty (30) days of approval thereof, respondent shall submit documentation to the Board demonstrating the commencement of treatment with the approved replacement. Failure to comply with any deadline stated by this paragraph shall be considered a violation of probation.

Upon approval of the initial or any subsequent practitioner, respondent shall undergo and continue treatment with that practitioner, at respondent's own expense, until the treating practitioner recommends in writing to the Board, and the Board agrees by way of a written notification to respondent, that no further treatment is necessary. Upon receipt of such recommendation from the treating practitioner, and before determining whether to accept or reject said recommendation, the Board may require respondent to undergo, at respondent's own expense, a medical evaluation by a separate Board-appointed or Board-approved health care practitioner. If the approved evaluating practitioner recommends that respondent continue treatment, the Board may require respondent to continue treatment.

Respondent shall take all necessary steps to ensure that any treating practitioner submits written quarterly reports to the Board concerning respondent's fitness to practice, progress in treatment, and other such information as may be required by the Board.

If at any time an approved evaluating practitioner or respondent's approved treating practitioner determines that respondent is unable to practice safely or independently as a(n) [insert license type], the evaluating or treating practitioner shall notify the Board immediately by telephone and follow up by written letter or email within three (3) working days. Upon notification from the Board of this determination, respondent shall be automatically suspended and shall not resume practice until notified by the Board that practice may be resumed.

During any suspension, respondent shall not enter any pharmacy area or any portion of any Board licensed premises where dangerous drugs and/or dangerous devices or controlled substances are maintained.

Respondent shall not exercise any of the privileges conveyed by the Board, nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing, or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the Board, or have access to or control the ordering, distributing, manufacturing, or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a(n) [insert license type]. Respondent shall not direct or control any aspect of any Board-licensed premises.

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

(Option language to be used in addition to standard language when suspension is warranted until the evaluation is completed.)

Option 1: Commencing on the effective date of this decision, respondent shall not engage in the practice as a(n) [insert license type] until notified in writing by the Board that respondent has been deemed medically fit to practice safely and independently, and the Board approves said recommendation.

During this suspension, respondent shall not enter any pharmacy area or any portion of any Board licensed premises where dangerous drugs and/or dangerous devices or controlled substances are maintained.

Respondent shall not exercise any of the privileges conveyed by the Board nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing, or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the Board, or have access to or control the ordering, distributing, manufacturing, or dispensing of dangerous drugs and/or dangerous devices or controlled substances. Respondent shall not resume practice until notified by the Board.

During this suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a(n) [insert license type]. Respondent shall not direct or control any aspect of any Board licensed premises.

Respondent shall pay administrative fees as invoiced by the PRP or its designee. Fees not timely paid to the PRP shall constitute a violation of probation. The Board will collect unpaid administrative fees as part of the annual probation monitoring costs if not submitted to the PRP.

Any of the following shall result in the automatic suspension of practice by respondent and shall be considered a violation of probation:

- Failure to contact, complete enrollment, and execute and return the treatment contract with the PRP, including any addendum(s), within ten (10) days of the effective date of the decision as directed by the PRP;
- Deemed unsafe to practice by an assessor in the PRP or medical evaluation;
- Failure to complete registration for any drug or alcohol testing mandated by the treatment contract and/or by the PRP, and begin compliance with the testing protocol(s), within ten (10) days of the effective date of the decision as directed by the PRP;

Probation shall be automatically extended until respondent successfully completes the PRP. The Board will provide notice of any such suspension or extension of probation.

During any suspension, respondent shall not enter any pharmacy area or any portion of any Board-licensed premises where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not exercise any of the privileges conveyed by the Board nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing, or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the Board, or have access to or control the ordering, distributing, manufacturing, or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

(Option language to be used in addition to standard language when appropriate to ensure licensee works in an access position while being monitored.)

Option: Respondent shall work in a pharmacy setting with access to controlled substances for six (6) consecutive months before successfully completing the PRP. If respondent fails to do so, probation shall be automatically extended until this condition has been met.

Failure to satisfy this condition within six (6) months beyond the original date of expiration of the term of probation shall be considered a violation of probation.

24. Drug and Alcohol Testing (Appropriate for those cases where the evidence demonstrates substance use.) (If this term is selected, Term No. 26 "Abstain from Drugs and Alcohol" should also be selected in any probationary order to effectively enforce abstention requirements.)

Respondent, at their own expense, shall participate in testing as directed by the Board for the detection of alcohol, controlled substances, and dangerous drugs and/or dangerous devices. Testing protocols may include biological fluid testing (urine, blood), breathalyzer, hair follicle testing, or other testing protocols as directed by the Board. All testing must be pursuant to an observed testing protocol, unless respondent is informed otherwise in writing by the Board. Respondent may be required to participate in testing for the entire probation period and frequency of testing will be determined by the Board.

By no later than thirty (30) days after the effective date of this decision, respondent shall have completed all of the following tasks: enrolled and registered with an approved drug and alcohol testing vendor; provided that vendor with any documentation, and any information necessary for payment by respondent; commenced testing protocols, including all required contacts with the testing vendor to determine testing date(s); and begun testing. At all times, respondent shall fully cooperate with the testing vendor, and with the Board, with regard to enrollment, registration, and payment for, and compliance with, testing. Any failure to cooperate timely shall be considered a violation of probation.

Respondent may be required to test on any day, including weekends and holidays. Respondent is required to make daily contact with the testing vendor to determine if a test is required, and if a test is required must submit to testing on the same day.

Prior to any vacation or other period of absence from the area where the approved testing vendor provides services, respondent shall seek and receive approval from the Board to use an alternate testing vendor to ensure testing can occur. Upon approval, respondent shall enroll and register with the approved alternate drug testing vendor, and provide to that alternate vendor any documentation required by the vendor, including any necessary payment by respondent. During the period of absence of the area, respondent shall commence testing protocols with the alternate vendor, including required daily contacts with the testing vendor to determine if testing is required, and required testing. administered or ingested pursuant to a legitimate prescription issued as a necessary part of treatment. All such documentation shall be provided by respondent within ten (10) days of being requested.

Any of the following shall be considered a violation of probation and shall result in respondent being immediately suspended from practice as a(n) [insert license type] until notified by the Board in writing that they may resume practice: failure to timely complete all of the steps required for enrollment/registration with the drug testing vendor, including making arrangements for payment; failure to timely commence drug testing protocols; failure to contact the drug testing vendor as required to determine testing date(s); failure to test as required; failure to refrain from alcohol; failure to timely supply documentation demonstrating that a detected substance was taken pursuant to a legitimate prescription issued as a necessary part of treatment; and/or detection through testing of alcohol, or drug that contains alcohol, without a prescription, or of an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment. In the event of a suspension ordered after detection through testing of alcohol, or drug that contains alcohol, without a valid prescription, an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment, the Board shall inform respondent of the suspension and inform them to immediately leave work, and shall notify respondent's employer(s) and work site monitor(s) of the suspension.

During any such suspension, respondent shall not enter any pharmacy area or any portion of any Board-licensed premises where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not exercise any of the privileges by the Board nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing, or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the Board, or have access to or control the ordering, distributing, manufacturing, or dispensing of dangerous drugs and/or dangerous devices and controlled substances.

During any such suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a(n) [insert license type]. Respondent shall not direct or control any aspect of any Board-licensed premises.

Any possession or use of alcohol, dangerous drugs and/or dangerous devices or controlled substances, or their associated paraphernalia for which a legitimate prescription has not been issued as a necessary part of treatment, or any physical proximity to persons using illicit substances, shall be considered a violation of probation. Respondent shall sign an acknowledgment confirming receipt of a list of examples of prohibited substances.

Within thirty (30) days of the effective date of this decision, respondent shall submit to the Board, for its prior approval, the name and qualifications of a single practitioner of respondent's choice, who shall be aware of the respondent's history [with the use of alcohol, illicit drugs, controlled substances, and/or dangerous drugs, and/or of mental health issues, and/or of gambling addiction] and who will coordinate and monitor any prescriptions for respondent for dangerous drugs and/or dangerous devices, controlled substances or mood-altering drugs. TERMS OF PROBATION – PREMISES

Terms and conditions are imposed to provide consumer protection. A suspension period may also be required as part of the probation order. The Board prefers that any stayed order be for revocation rather than for some period of suspension.

Probation conditions are divided into two categories: (1) standard conditions that shall appear in all probation cases, and (2) optional conditions that depend on the nature and circumstances of a particular case. These conditions may vary depending on the nature of the offense(s).

The Board may also impose any other condition appropriate to the case where the condition is not contrary to public policy.

CATEGORIES OF VIOLATIONS AND RECOMMENDED PENALTIES

The California Pharmacy Law identifies offenses for which the Board may take disciplinary action against a license. Included among grounds for discipline are violations of the Pharmacy Law itself, violations of regulations promulgated by the Board, and violations of other state or federal statutes or regulations.

For those licenses issued to premises the Board has identified four (4) categories of violations and associated recommended minimum and maximum penalties for each. These categories of violations are arranged in ascending order from the least serious (Category I) to the most serious (Category IV), although any violation in any category, or any combination of violation(s) in one or more categories, may merit revocation.

For each violation category, the Board has given offense descriptions and examples where violations would typically merit the recommended range of minimum to maximum penalties for that category. These descriptions and examples are representative, and are not intended to be comprehensive or exclusive. Where a violation not included in these lists is a basis for disciplinary action, the appropriate penalty for that violation may be best derived by comparison to any analogous violation(s) that are included. Where no such analogous violation is listed, the category descriptions may be consulted.

These categories presume a single violation. For multiple violations, the appropriate penalty shall increase accordingly. Moreover, if respondent has committed violations in more than one category, the minimum and maximum penalties shall be those recommended in the highest category.

The Board also has the authority, pursuant to Business and Professions Code section 4301(n), to impose discipline based on disciplinary action taken by another jurisdiction. The discipline imposed by the Board will depend on the discipline imposed by the other jurisdiction, the extent of the respondent's compliance with the terms of that discipline, the nature of the conduct for which the discipline was imposed, and other factors set forth in these guidelines.

CATEGORY I

Minimum: Revocation; Revocation stayed; two years probation. All standard terms and conditions shall be included and the disciplinary order may include optional terms and conditions, as appropriate.

Maximum: Revocation

Category I discipline is recommended for violations which are less serious than Categories II through IV but are potentially harmful:
